CONFERENCE DESCRIPTION

Recent studies indicate that pituitary tumors, neuroendocrine tumors and related hormonal problems are more prevalent than previously thought. The conference will provide a comprehensive update on the clinical manifestations of pituitary tumors and hypopituitarism, recent treatment advances including hormonal therapies, endoscopic surgery and radiosurgery. The course will also provide an update on the management of thyroid and parathyroid tumors.

LEARNING OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Identify the high prevalence of pituitary adenomas in the general population
- Interpret pituitary tumor clinical presentations, relevant anatomy, imaging and histopathology
- List current treatments for acromegaly, Cushing's disease and prolactinomas
- Discuss current indications and outcomes of endonasal endoscopic pituitary surgery
- Define indications and outcomes of radiosurgery and radiotherapy for pituitary tumors
- Interpret the signs, symptoms, diagnostic workup of thyroid and parathyroid tumors
- Discuss the surgical management of thyroid and parathyroid tumors

CONFERENCE TOPICS

- Epidemiology of pituitary tumors
- Common and uncommon signs and symptoms of pituitary tumors
- Pituitary anatomy and imaging
- Pituitary tumor histopathology
- Management of acromegaly, Cushing's disease, prolactinomas and incidentalomas
- Endonasal endoscopic surgery: indications, recent outcomes and team approach
- Radiosurgery and radiotherapy for pituitary tumors – indications and outcomes
- Head injury and pituitary failure
- Diagnosis and treatment of thyroid and parathyroid tumors

TARGET AUDIENCE

Endocrinologists, Primary Care, Ophthalmologists, Obstetricians, Neurologists, Neurosurgeons, Otolaryngologists, Oncologists, Nurses and Nurse Practitioners.

LIVE ENDONASAL ENDOSCOPIC PITUITARY SURGERY

Friday, January 30th • 7 am Registration and Breakfast • Providence Saint John's Hospital

Daniel Kelly, MD, Chester Griffiths, MD

Moderators – Garni Barkhoudarian, MD, Pejman Cohan, MD, Niloufar Ilani, MD

7:00 am Registration and Breakfast

7:30 am ENT Role in Pituitary Surgery and Endonasal Endoscopic Approach Nuances
Chester Griffiths, MD

8:00 am Perioperative Care of the Pituitary Patient — *Pejman Cohan, MD, Niloufar Ilani, MD*

8:30-11:30 am Live Surgery — *Daniel Kelly, MD, Chester Griffiths, MD*

Given advances in high-definition endoscopy, refined instrumentation and surgical navigation techniques, pituitary surgery has evolved dramatically in terms of safety, efficacy and pituitary gland preservation. A live surgery will provide a limited number of participants a unique learning experience regarding the technical and anatomical nuances of modern pituitary surgery. Attendees will view the operation via large screen high definition monitors and have an ongoing dialogue with neurosurgeon Daniel Kelly and ENT surgeon Chester Griffiths. This optional pre-conference event is open for both surgeons and non-surgeons.

COURSE DIRECTORS

Daniel F. Kelly, MD

Professor of Neurosurgery
Director, Brain Tumor Center and
Pituitary Disorders Program
John Wayne Cancer Institute

Pejman Cohan, MD

Endocrinology
Pituitary Disorders Program
President and Director
Specialized Endocrine Care Center

PROVIDENCE SAINT JOHN'S FACULTY

Garni Barkhoudarian, MD

Faculty Neurosurgeon and Assistant Director
Pituitary Disorders Program
John Wayne Cancer Institute

Melanie Goldfarb, MD

Assistant Professor of Surgery
John Wayne Cancer Institute

Chester Griffiths, MD

Chief of Endoscopic Sinonasal and
Skullbase Surgery
Brain Tumor Center and Pituitary Disorders Program
John Wayne Cancer Institute

Niloufar Ilani, MD

Endocrinology

Howard Krauss, MD

Clinical Professor of Ophthalmology
and Neurosurgery

Srinivas Peddi, MD

Providence Saint John's
Tower Radiology

Yuki Takasumi, MD

Chief of Neuropathology

Robert Wollman, MD

Medical Director, Radiation Oncology

GUEST FACULTY

Sylvia L. Asa, MD, PhD, FRCPC, FCAP

Pathologist-in-Chief and Medical Director of the
Laboratory Medicine Program
University Health Network
Professor, Department of Laboratory Medicine
and Pathobiology
University of Toronto
Toronto, Canada

Shereen Ezzat, MD, FACP, FRCPC

Professor, Medicine and Oncology
University of Toronto
Toronto, Canada

Andrew Gianoukakis, MD

Associate Professor of Medicine
Harbor UCLA Medical Center
Torrance, California

Laurence Katznelson, MD

Professor of Medicine and Neurosurgery
Medical Director, Pituitary Center
Director, Endocrine Fellowship Training Program
Stanford University School of Medicine
Stanford, California

Ronald S. Swerdloff, MD

Professor and Chief, Division of Endocrinology
David Geffen School of Medicine at UCLA
Harbor-UCLA Medical Center
Torrance, California

Christina Wang, MD

Professor of Medicine
David Geffen School of Medicine at UCLA
Harbor-UCLA Medical Center
Torrance, California

ACCREDITATION

In support of improving patient care, Creative Educational Concepts, Inc. (CEC) is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME), to provide continuing education for the healthcare team.

CEC designates this live educational activity for a maximum of 9.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AGENDA • January 31, 2015

- 8:00 am Registration – Continental Breakfast
8:25 am Opening Remarks: *Daniel Kelly, MD, Pejman Cohan, MD*

Pituitary Tumors – Epidemiology, Pathology and Imaging

- 8:30 am Epidemiology and Histopathology of Pituitary Tumors – *Yuki Takasumi, MD*
8:50 am Biomarkers of Atypical and Aggressive Pituitary Adenomas – *Sylvia Asa, MD, PhD*
9:10 am Pituitary and Parasellar Imaging in 2015 – *Srinivas Peddi, MD*
9:30 am Pituitary Tumors and Vision – Outcomes and Expectations – *Howard Krauss, MD*
9:50 am Break

Endocrine-Active Pituitary Adenomas: Diagnostic and Treatment Dilemmas

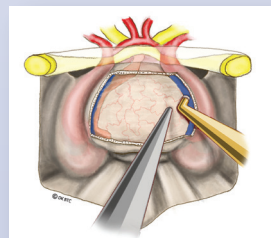

- 10:10 am Acromegaly – Achieving Remission with Multimodality Therapy – *Shereen Ezzat, MD*
10:35 am Prolactinomas – Dopamine Agonists and Reasonable Use of Surgery – *Christina Wang, MD*
11:00 am Cushing's Disease – New Medical Treatment Options – *Pejman Cohan, MD*
11:25 am Endoscopic Pituitary Surgery – Impact on Remission Rates and Gland Preservation – *Daniel Kelly, MD*
11:50 am Lunch – History of the Pituitary – From Galen to Google – *Sylvia Asa, MD, PhD*

Surgery, Radiosurgery and Perioperative Care for Pituitary Tumors

- 1:00 pm Defining the Role of Radiosurgery and Stereotactic Radiotherapy for Pituitary Tumors
Robert Wollman, MD, Garni Barkhoudarian, MD
1:20 pm Craniopharyngioma – Multimodality Management – *Garni Barkhoudarian, MD*
1:40 pm Optimizing Treatment of Hypopituitarism – *Laurence Katznelson, MD*
2:00 pm Testosterone Therapy in Men – Weighing Risk and Benefit – *Ronald Swerdloff, MD*
2:20 pm Break

MEN1, Thyroid and Parathyroid Tumors

- 2:40 pm MEN1 Update – Molecular Testing and Surveillance – *Shereen Ezzat, MD*
3:00 pm Evaluation and Management of Parathyroid Disorders – *Melanie Goldfarb, MD*
3:20 pm Molecular Testing of Thyroid Nodules – *Andrew Gianoukakis, MD*
3:40 pm Discussion
4:00 pm Adjourn

COURSE LOCATION

7th California Pituitary and Endocrine Conference January 31, 2015

Loews Santa Monica Beach Hotel

1700 Ocean Ave.

Santa Monica, CA 90401

310-458-6700

www.loewshotels.com/Santa-Monica-Beach-Hotel

Daytime event valet parking: \$15

Attire: Business Casual

Pre-Conference Live Surgery

January 30, 2015 • No Charge

Location: Providence Saint John's Hospital

2121 Santa Monica Blvd., Santa Monica, CA

Parking: Valet parking will be validated

TUITION

January 31, 2015

\$175–Physician

\$75–Fellow, Resident, Nurse

No Charge–Pre-Conference Live Surgery

Space is limited! Please print clearly.
